

Warren County Public Library Camp – FAQs

What are WCPL Camps?

Every year Warren County Public Library hosts camps to engage school-aged children during the summer months (June/July). Our goal is to keep children active, both mentally and physically, and to prevent 'educational slide' that can occur during the summer months. *When you are registering, please make sure to double check your chosen camp's date, time, location and suggested age range to ensure it's a good fit for your child!*

How long does a camp last?

WCPL camps last anywhere between three to five days. Camp selections should be made with 75-100% participation commitment in mind. *i.e. you plan to attend at least 3 days of a 4 day camp. Make sure to double check the date, time and location of the camp you are registering for to make sure it is the best fit for you and your child.*

Where do I register?

Every year WCPL activates its camp page at warrenpl.org/camps. Here you can see what kind of camps are being offered and you will be able to register by clicking the date of your chosen camp. All registrations are first come, first served. If the camp that you would like to register for is full, please register on the corresponding wait list. You will be contacted in the order that you were placed on the list if space becomes available.

Should I sign up for multiple camps?

We have very limited space in our camps, **so please only sign up for one**. However, WCPL also offers a variety of other programs to participate which vary year to year.

Will I receive confirmation after I register?

By successfully submitting a camp registration form via our webpage at warrenpl.org/camp, you are confirmed to attend camp during that week!

I'm having trouble registering online, what should I do?

Please call one of our locations and speak to a staff member about registering. We can walk you through the process over the phone or we can enter your information into our registration form with your permission.

Who can I direct additional questions to?

We'd love to assist you! Please contact Veronica at veronicar@warrenpl.org, call or come in to any location. Phone numbers for each library location can be found at warrenpl.org/locations.
