

Legendary Reader

by Hugh Trimble & Flying Frog Farm

I keep my dragon in the barn
I know the names of falling stars
I bury my treasure in the yard
My books my wand and my guitar

There's a fairy in the bird feeder
There's a witch at the Capitol Theater
Elphaba - I'd love to meet her
I am a Legendary Reader

School's out summer vacation
I got my imagination
Jump! Jump! Hearts are racing
I love my imagination

A mermaid lives in fountain square
My mom wakes up with Medusa hair
There's an ogre underneath the stairs
But he's my friend so I don't care

Merry, Pippin and Wendy and Peter
Percy Jackson, Hemione Granger
Kids are heroes and wizards are teachers
I am a Legendary Reader

School's out summer vacation
I got my imagination
Jump! Jump! Hearts are racing
I love my imagination

(I love my imagination...)
Every day is a page we read
Of the story we were born to be
In the great big library of life

School's out summer vacation
I got my imagination
Jump! Jump! Hearts are racing
I love my imagination
